

Community

Building inclusive partnerships with families and our wider community is an important process that develops over time. It is our belief at Pod that by creating a welcoming environment for our families, Educators, local community, Elders and our professional partners we can collaboratively make decisions that will establish the ongoing priorities for children's learning.

Our Educators respect the culturally appropriate way to build connections with local Aboriginal and Torres Strait Islander communities and in doing this seek to build their own cultural understanding. These relationships are deeply important for teaching children respect for the first peoples of Australia, Aboriginal and Torres Strait Islander people, their culture, history and contributions to their country and community.

Regular sharing of information about children's education and engagement with our families and local community members provides the platform for a holistic approach to learning.
